Tell the tech what is wrong

- ☐ Give the town, park name and site number. Ask if they serve that spot.
- ☐ Share the RV year, make and model. Name the part that needs help.
- ☐ Say what happens, when it started and any code on the screen. Have photos ready.

Ask about the fees before a visit

- ☐ What is the trip fee? Is there an hourly rate or a flat fee for this job?
- ☐ Is there a minimum charge? Does it include time to find the fault?
- ☐ Are parts, tax or a return trip extra? Is there an after-hours fee?
- ☐ Can I get an estimate before work starts? Will you ask before doing more?

Before they arrive

Ask when they can come and how to pay. Check park rules for outside repair work. Make room to reach the RV.

An independent directory. You choose and hire the tech.
Names, contact details and posted prices stay on the live list.
